

HOW ARE WE DOING?

CASH MONITOR | The average value of cash withdrawals across more than 1 500 ATMs throughout SA grew 6,76% year on year for last month – the largest year-on-year growth so far this year – the Spark Cash index shows. This suggests “improved consumer spending and retail trading conditions nationally”, according to the index compiled by Spark ATM Systems. It

also revealed a month-on-month rise of 2,76% in June to R437,71 per transaction. The increases were in line with the start of the mid-year school holidays, Spark’s Marc Sternberg said. I-Net Bridge
